## Students' Satisfaction Survey Report (2023-24)

The present report depicts a comprehensive analysis of the student's feedback manually collected factually on printed sheets from the students of Deva Nagri College. The feedback presents the student's perception about the various issues as mentioned below:

### I. Teaching and Learning Facilities

First six responses show the analysis of teaching and learning facilities available in the college. A majority i.e., nearly 92 percent students reported the coverage of syllabus around 70-100 percent. Again, 92 percent students are of the view that teachers come prepared in the classroom and active to communicate as "Outstanding" or "Excellent". 84 percent students answered that the teachers illustrate concepts through examples, case studies and applications. As much as 94 percent students say that teachers discuss with them about their progress during interaction with them. 94 percent students have the "Always Fair" or "Usually Fair" view about internal evaluation process by the teachers. 87 percent students think that they are properly heard and their performance is positively discussed at length.

### II. Support and Welfare Facilities

Next four pie charts show the perception about support and welfare facilities available in the college. 90 percent students are "significantly" and "very well" recognize increase in their cognitive, social and emotional growth. 87 percent students are of the view that teachers identify their strengths properly and help them to take challenges. 87 percent students are benefited by the efforts made for extra curricular activities and skill development activities. By hearing grievances and redressing them, 92 percent students feel satisfaction.

### III. Infrastructural and Other College Facilities

Other next four pie charts help to understand the student's perception while using infrastructural and other college facilities. Students observe that 81 percent of the teachers use ICT tools during class room teaching and problem solving. 88 percent of students are satisfied with library space and facilities. Again, 88 percent of students perceive that the quality and quantity of various instruments, solutions, apparatuses and computers are adequate. 90 percent of the students rate other college facilities as "Excellent" or "Good".

### IV. College Social Responsibility Initiatives

91 percent of students respond that college helped them to inculcate social awareness and environmentally responsible behaviour. Again, 91 percent students replied that moral, ethical and social values are taught them.

## Overall summary:

- Facilities like the Library, Classrooms, Seminar Rooms, and Security Services received strong positive ratings.
- Canteen and Vehicle Parking Facilities emerged as areas requiring significant improvement.
- Common Infrastructure and Sports Facilities received mixed feedback, indicating scope for enhancement.
- While the majority of students (around 87%) either agree or strongly agree with the institution's efforts to engage them, a substantial group (around 13%) remains neutral.

This feedback highlights both strengths and areas for improvement in college facilities, helping prioritize necessary interventions to enhance student satisfaction.
